Dan and Shannon for Griffin Editors!

Ends: our vision

- We want to launch a digital version of the Griffin, as well as a Facebook page with Downing memes and news – make sure you like our Facebook page!
- We will still distribute a paper copy of the magazine – you will get one of these in your pidge – so you get the best of both worlds!
- The new Griffin will be weirder, wackier, and funnier, and our main aim is to create entertaining and relatable content
- We want the Griffin to be something you guys really want to read, not just something you pick up from your pidge, flick through and then discard.

Why us?

- Our happy marital partnership means we work well together as a team
- We are both committed, dedicated and driven people.
- I am organised (can’t speak for Dan *cough*)
- Dan will give you stellar dancing lessons
- Because who else?

Means: how we’re going to revamp the Griffin

- We will launch a Facebook page with memes, regular Downing news and updates
- We will introduce a sports section, reporting on Downing’s sporting successes
- We will launch an arts section, with submissions for art, poetry and creative writing from Downing students
- We will feature lots and lots of MEMES, possibly with an open submissions page
- We will carry out lots of short interviews with Downing students and record some pithy reflections on the year
- We will provide insights into the best of Cambridge – hairdressers, coffee, lunch, you name it
