In 2020 it is more important than ever that the interests and the wellbeing of international students at Downing and the University in general are represented. We want everyone to celebrate their global roots – even if you are born in the UK 😊

**As International Officers we would:**

- Meet-up with other iOfficers to form connections and organise social events with other Colleges.
- Provide guidance to International students about how to apply for settled status Post-Brexit
- Organise events such as; a Summer Picnic “Foods of the World” in Howard Court, Formals and maybe even a fashion show with traditional dress in our beautiful Main Court
- Create a chat with International students and Freshers to invite everyone to go to iCUSU and the events of different country societies e.g. Holi together
- Organize a fun, inclusive international Fresher's week with many different events to accommodate for a range of personality types
- Set up a World-Map pinboard in the JCR for people to show where they come from: also within the UK!!

Proposed by: Izzy Taylor
Seconded by: Maria Telnikoff

We are two first years studying Education and Engineering who know what it feels like to enter the Cambridge bubble from another country. We would love to be your International Officers for 2020 and since we have really come to love Downing we want others and especially new students to do the same!
