HR CAMPAIGNING

Although work within Cambridge is important, we want to work more closely with Amnesty International to improve the lives of LGBTQ+ people everywhere.

INCLUSIVITY!

We are both part of under-represented intersects of the LGBTQ+ community, and are keen to make sure that everyone’s voice is amplified and heard.

YUP, YOU GUESSED IT... MORE EVENTS!

We want to run even more events for the LGBTQ+ community this year, including more inter-collegiate events (like formals and swaps) as well as events which aren't so centred around drinking (like movie nights).
