

BARNEY WALKER

Services Officer Manifesto

MY OBJECTIVES:

- **Improve room banding:**
 - Ensure relative price of rooms better reflects the relative quality and desirability of rooms in college.
 - Reduce discrepancies between what you get and what you pay for.
 - Create more detailed profiles of each room in the ballot so that students balloting next year are better informed.
- Work closely with Jed and Ali on furthering the Cut the Rent campaign.
 - In the ballot this year almost 70% of rooms were band 2 or 3, with less than 10% of rooms being band 5 or 6.
- Negotiate with college for reimbursement when services such as water or heating don't work.
- Liaise between students and College to solve issues with accommodation and services.
- Inform JCR members of available resources and amenities.
- Work closely with other members of the JCR to help them achieve their objectives.
- Seek consistent pricing across College for Laundry and Drying.

ABOUT ME:

I'm Barney, a second-year engineer. I am passionate about improving many aspects of life at Downing and ensuring that students are adequately represented at college meetings.
